

**Implementation Plan
Revised ADTA Standards of Education and Clinical Training
Alternate Route Training**

Timeline

*Note: This is a staged implementation process in order to provide more streamlined support to students and educators.

- October 2019** New course submissions must meet revised standards
Draft of Advisor Handbook presented to educators at conference
Draft of Clinical Training Manual presented to all educators at conference
- July 2020** Advisor Handbook completed
Clinical Training Manual is completed
Revised Letter of Intention completed
- November 2020** Advisor training launched, allowing current students to opt in for an advisor
and **any students who complete a letter of intent from January 1, 2021
onward will be required to have an advisor.**
- Training offered at the conference to BC-DMT supervisors for AR students
and recorded for future training purposes
- Training on the Clinical Training Manual is presented at the conference to all
educators and BC-DMT supervisors for AR and recorded for future training
purposes
- January 2021** Revised Letter of Intention is implemented
Advisors are mandatory for incoming students
Clinical Training Manual is implemented by BC-DMT supervisors and
students
- May 2021** Development of standardized evaluation documentation is completed
- October 2021** Evaluation documents are shared and discussed at the Educator meeting
- January 2022** Standardized evaluation documentation is implemented for: students,
educators, BC-DMT supervisors, and ADTA advisors

- May 2023** Student handbook is completed
- October 2023** Student handbook is presented to AR educators, students, and prospective students at conference
- January 2025** All courses meet the revised Standards
All students must adhere to the Student Handbook

In summary, this is a two-tiered implementation process:

Tier One

January 2021

- All students completing a letter of intention as of January 1, 2021 must:
 - work with an advisor
 - adhere to the Clinical Training Manual
- All BC-DMT supervisors must adhere to the Clinical Training Manual for any student who completed a letter of intention as of January 1, 2021

Tier Two

January 2025

- All students completing a letter of intention as of January 1, 2025 must meet the full standards
- All courses must meet the revised standards
- Thus, all input based and output based standards will be implemented
